

TAP DANCERS

Rhapsody In Taps is an equal opportunity tap company considering apprentices.

Desirable qualities:

Strong tap skills, time keeping and musicality, good work habits, reliable and mature, positive attitude, dance training in other movement styles and the ability to move through space while tapping. Openness to a rehearsal process for rhythm tap concert work, creative experimentation and working in a variety of music styles are important. Company rehearsals are on Sunday afternoons in Long Beach and Wed evenings in Costa Mesa. Dancers must already live within driving distance to rehearsals (i.e., not out of state). Please view the company website video and history if you are not familiar with Rhapsody In Taps before making contact. Dancers will be auditioned individually. Tap dancers with the above skills/qualities who are able to make a commitment should email Linda Sohl-Ellison.

BOARD MEMBERS

Rhapsody In Taps is also seeking new members for its Board of Directors. No tap skills are necessary -- just an appreciation for the art form, some area of expertise that can aid the company's promotion or development of its programs and a willingness to contribute work or resources. Board Meetings are at 7:15pm on one Thursday of each month, determined at the previous meeting. Please view the company video and history if you are not familiar with Rhapsody In Taps before making contact.
